this book is for teachers and learning about using coaching skills and practices with children and young people colleagues parents and the wider school community research into the area of coaching in schools is still relatively new however the practice of coaching in schools has been evolving over several decades this book gives insights into what coaching can look like in schools and is supported by the sharing of experiences by teachers from around the world it is a book for teachers by teachers who share how they have used coaching in their classrooms and what they have noticed because of doing so it is a collation of ideas around the use of coaching approaches and practices in schools for professional and personal development through reading this book and trying some of the ideas you will be able to further your understanding of self both personally and professionally develop coaching practices that support the development of relationships with learners colleagues and families expand your toolbox of strategies to engage children and young people in their learning through using different coaching skills develop knowledge of ways to introduce coaching practices and coaching cultures into your classroom school and your life

practical sports coaching is a thorough and engaging guide for all sports coaching students and practitioners drawing on real life case studies and examples the book is designed to develop practical coaching skills and provides readers with the methods and tools they need to become an expert coach structured around all facets of the coaching process the text comprehensively covers topics such as preparing to coach the role and philosophy of coaching coaching environments and the use of modern technology in coaching this new and fully updated edition includes several new chapters that examine new and critical research areas such as the coaching professional coach wellness mental health and performance analysis for coaches the book's practical approach allows the reader to consider common challenges faced by coaches suggesting solutions to performance concerns and preparing students for the realities of professional sports coaching the contributors draw upon their practical coaching experience as well as an understanding of coach learning and development practical sports coaching helps to bridge the gap between theory and practical

coaching skills and is an essential text for coaching students looking to deepen their understanding of sports coaching and experienced coaches developing their own practical skills

focusing on the core coaching skills and competencies this book is a highly practical resource for anyone wishing to become a coach

this practical guide argues that both mentor coaching and supervision be mandated by the professional coaching bodies as part of coaches continuous professional development mentor coaching is not just for those coaches seeking a credential it is for lifelong professional development for every coach at every level of the profession you are the best coaching tool there is tools need to be oiled sharpened repaired and protected to keep them in tip top condition that s what mentor coaching and supervision do they keep coaches sharp and fit for purpose the reader will learn how to develop as a coach using mentor coaching as well as how to develop as a mentor coach to support other coaches to develop clare norman explains what mentor coaching is why it is so important and the competencies for mentor coaching how coaches show up in the room is more important than how much we know about the theory behind coaching clare norman s concise book is important reading for all practising coaches as well as coaches and mentor coaches in training

the application of the theoretical underpinnings of coaching to practice is a central concern in sport how should academic research seek to inform applied practice and how should practising coaches integrate research into their professional activities sports coaching a theoretical and practical guide is the first book to truly integrate academic research on sports coaching with an assessment of and recommendations for applied practice with every chapter written by a coaching researcher and a practising coach the book clearly and concisely introduces the academic evidence base and discusses how and why theory should be integrated into practice made up of sections on coaching practice coach education and development the use of sport science support and coaching special populations the book constitutes a comprehensive guide to the theory and practice of sports coaching chapters are clearly and consistently structured allowing students and coaches opportunity to gain a firm understanding of the core theoretical principles of sports coaching and the ways in which they can guide practice the book is a vital resource for any sports coaching student researcher or practitioner to develop their evidence informed practice

more than 45 million children play youth sports in the united states each year and most are coached by parent volunteers with good intentions but little training this lack of training and an overemphasis on winning often results in stress and frustration for

coaches and players alike which can discourage young athletes so much that they walk away from sports altogether with this new guide for amateur parent coaches jennifer etnier author of bring your a game aims to change that etnier offers a system of positive coaching that can be applied to any sport from the beginner level to high school athletics and explains that good coaching requires working with young athletes at their developmental level and providing feedback designed to keep children engaged and having fun etnier gives easy to understand guidance on important aspects of successful coaching including information on the development of children s motor skills communication with a young athlete s parents and nurturing a growth oriented mind set making this a critical resource for youth coaches of all experience levels
